and Reader || Global Volunteer @Leverage LinkedIn | Learning &
Evolving || #AdityaSays
Raipur

## Summary

I am pursuing my Bachelors from NIT Raipur. I am a Coding
Enthusiast.
My specialization is in Competitive Programming, Front End Web
Development.

# I continuously work on myself to polish my skills. I try to identify my
weak areas to work on them, along with this I also develop my strong
areas to excel. I am always open for feedback on my performance
and abilities so that I can brush up my personality.

# When I'm not working on anything, I look up to war documentaries
and love ❣# to try out to explore new areas. I spend some times in
##♀#. At times, I even end up spending the rest of my time  around
the internet to actively make myself acquainted with the upcoming
trends. Apart from that, I love to talk to new people and to learn from
their experiences.

If you're looking to get in ♂# touch or just want to share your views,
then do send me a Personalized (Invite) Connection Request on
LinkedIn.

# I have my CV published on the feature section of my profile, make
sure to go through it. Do share your views and suggestions about
me and my profile, I will be more than happy  to enhance if their is a
scope of improvement.

## Experience

TEDx NIT Raipur
Executive
January 2020 - Present (8 months)
Raipur, Chhattisgarh, India

At TEDx, we call upon various speakers who love to share their experiences and learnings. The speakers are varied domains be it mainly from Technology, Entertainment, Design and even more. The event is not focused solely on entrepreneurship, business or technology. Diversity of topics is key!

TEDx is a grassroots initiative, created in the spirit of TED's overall mission to research and discover "ideas worth spreading."

The team of web developers have created an awesome website, you can check out our website. The past speakers are mentioned there and a brief talk given by them.

A TEDx event is a local gathering where live TED-like talks and performances are shared with the community. TEDx events are fully planned and coordinated independently, following the guidelines. The content and design of each TEDx event is unique and developed independently, but all of them have features in common.

YouTube
Content Creator
May 2020 - Present (4 months)

PREPARATION SECRETS  -My Channel
According to me, the age of around 16-25 is the most productive phase of our lives. So, I like to create videos to support students in this phase.

I believe in the fact that "If you are not WINNING, you are LOSING" .
So, have a clear picture of your ultimate goal; Each & everyday start taking baby steps towards your goal. Leave your comfort zone and take calculated risks, if you want better returns, from your life.

I also provide One-One Mentorship to students who are aspiring for bright future, but might not be clear with a specific path.

Through this channel I like to extend and share my knowledge to all the students who are interested in learning.

Nerd For Tech
Content Writer
August 2020 - Present (1 month)

Alexa Developers Community-CU
Community Member
June 2020 - Present (3 months)
India

This is a community of developers from across the country who share common interest in development of Alexa skills.
Here we engage with the members of the community and learn practical implementation of Alexa skills.

Here most of us are a group of web developers and try to create some creative skills.

If you are unfamiliar with Alexa skills, you can consider it to be an action which runs through are voice command. You can consider it to be a voice interaction. It is similar to Siri and Google Assistant.

Unnat Bharat Abhiyan
Member
September 2019 - Present (1 year)
Raipur, Chhattisgarh, India

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India.

Working under such an organization, encourages me to develop love & affection for the people who are capable but lacking on resources.
Promoting development & education at grassroot level is very important scaling from villages to urban areas. Here we are working these specifically to promote rural and underprivileged societies.

Programming Club, UIET
Mentee- PClub Summer of Code
June 2020 - Present (3 months)

PrepBytes
Campus Business Manager
June 2020 - Present (3 months)

PrepBytes is an initiative to help students in their placement preparations
targeting Software development/engineering, Analyst & Product based roles in
IT/Internet/Analytics companies.

We publicize about the various resources available for the tech enthusiasts to
ensure success in placements and internships.
The core team of experts have done an extensive research to provide you the
best in a crisp form targeting your dream company.

JPMorgan Chase & Co.
Software Engineering Virtual Experience
June 2020 - June 2020 (1 month)

I worked around tasks related to pricing of Stocks. I got an overall experience
related to industry standards and tech stacks used there.

GirlScript Foundation
Scholar Student
June 2020 - June 2020 (1 month)

I was fortunate enough to get a scholarship course through the noble vision of
GirlScript Foundation at Education Outreach Program.
